Re: Citizens Forum

1. George Northway and John Moser, Cultural Arts Commission, updated the Mayor and Council on the CAC's plan to formulate a Master Plan for the Arts. The CAC will establish goals for the task force, which will be chaired by John Moser. Mr. Moser explained that the CAC will present the Mayor and Council with a Plan in 1995 and is hoping to implement the Plan in FY'96. He praised the Department of Parks and Recreation and Director Burt Hall for their work in support of the arts.

2. Leah Barnett, Potomac Woods Civic Association noted that the Clarksburg site for a new jail was still in the County's CIP budget and she said that was a result of the strong arguments for it. However, she said she feared that the County would renege on its agreement with the City to not expand the current jail site because they wanted to improve and expand the Seven Locks jail or build a new jail in the City of Rockville. Ms. Barnett said she would be organizing a coalescence of citizens to demand that the County live up to its commitment to the City of Rockville.

Mayor Coyle said on December 28, he sent a letter to County Executive Potter reiterating the City's position with respect to the Detention Center and reminding him of the County's agreement of the terms and conditions of the use permit governing the Detention Center.

Councilmember Marrinan remarked that the current site was inappropriate for the type of facility the County needed based on a study commissioned by the County in the early 1980's. Mr. Marrinan said he was outraged that the County had forgotten its commitment to the City to not expand the site. Mr. Marrinan reminded everyone that in order for the County to move forward with any proposals for expansion, they would need the City's permission and he knew that this Mayor and Council would not grant it.

Councilmember Krasnow said the City could only do but so much; it would be up to the people of Rockville to take their concerns to the County and let it know of their opposition to expansion of the jail.

3. Hariott Manley, 826 Fordham Street on behalf of College Gardens thanked the Mayor and Council for their support in acquiring the 20-acre parcel of County land within the College Gardens Woods. She expressed appreciation to former Mayor Duncan, City Manager

Romer, and Community Development Director Neal Herst. She also proposed that the City adopt the woods as part of the City's "Keep It Clean" program and said that the vitality of the woods and Watts Branch Creek needed to be carefully considered during development of the King Farm.

4. Estelle Berberian, Senior Citizens Commission expressed appreciation to the Mayor, Council and City staff for their help in seeing to it that the needs of all seniors were met.

5. Stan Sheltra, Chair, Senior Citizens Commission commented that the Senior Citizens Commission, Rockville Seniors, Inc. and the Senior Center membership expressed their vote of confidence for the Senior Center land swap that would soon take place.

6. Mansfield Kaseman, 704 Carter Road said the City was experiencing the same escalation of violence as other communities. He thanked the Mayor and Council and City Staff for sponsoring the press conference on the "Stop The Violence...Now Purple Ribbon Campaign". He noted the purple ribbons, which he said were available at Rockville houses of worship, Montgomery County libraries and all City buildings, would help raise the consciousness that everyone needed to be personally vested in the issue of violence.

7. Alice Kelly, Chair of West End Citizens Association noted Agenda Item #14 regarding a zoning amendment to eliminate convents, monasteries, etc. She reminded the Mayor and Council that the Planning Commission, City Staff and a number of people from the community had spoken in favor of the Zoning Ordinance amendment at the public hearing held in November.

8. Rob Ciapetta, Board of Directors at Plymouth Woods thanked the Mayor and Council for their work on behalf of Plymouth Woods.

9. Bill Meyers, 804 Levertown Road noted the lack of enforcement with business owners

who failed to clear the snow and ice from their sidewalks in downtown Rockville.

10. Cheryl Kagan invited citizens to meet at Rockville High School on January 17th at 3:45 p.m. to take part in a caravan to rally on gun violence in Annapolis.

Re: Report on Town Center
redevelopment project briefing
recently presented to Governor
Schaefer.

The Mayor and Council recently reported to Governor Schaefer on progress by Rockville Center, Inc. utilizing State funding previously appropriated. Work to be completed with anticipated additional State funding was also presented. This report will highlight the major elements of that presentation.

Mr. Romer gave a briefing on activities related to the Town Center project. He said the redevelopment project would arrest some of the declining property values in Town Center, and he noted some of the activities that had transpired since the plan was presented by RCI one year ago: the development agreement was signed; new zoning laws were in place; all major leases had been resolved; about 65% of the public funds had been committed; and the demolition was on schedule. Last week, the entire Mayor and Council and John Cuticelli of RCI, visited Annapolis to meet with Cas Taylor, the new Speaker of the House, and Governor Schaefer to discuss the Town Center activities taking place and to express the need for continuing the State funding program.

Meeting No. 01-94

7

January 10, 1994

Mr. Romer said the Mayor and Council were planning to meet with the County Council about the third and final year of the funding program. Over the next several months, the Planning Commission would be working on the planning development for downtown Rockville and a final development plan may be completed by May 1994. Mr. Romer remarked that the Mayor, Council and Staff saw a vigorous progress taking place and they looked forward to the continuing partnership with RCI.

Mr. Romer then discussed the demolition projects and development plans that residents would see taking place over the next few months.

She ~~noted~~ requested the support of the Mayor and Council to enable a memo, that the City Manager had ~~issued a memo~~ developed recommending that members of our boards and commissions recycle their unneeded documents at City Hall, be released.

Councilmember Dorsey noted that clarification was needed in the last line on page 16; City Attorney Glasgow recommended the following amendment: "Changes to Use Permits ~~amendments...~~" Mr. Dorsey then noted an amendment on page 19, in Item #3, line 2 to read, "...representatives met with a ..."

Re: Adoption of Resolution to authorize execution of an agreement and all documents necessary to convey two residual parcels of land plus the payment of \$1.5 million, or land of equivalent value, to Montgomery County in return for the transfer by Montgomery County of certain land to the City, including the Senior Center property and a 20 acre undeveloped site along Watts Branch in College Gardens.

Mr. Romer said the Resolution was the result of a number of goals which were grounded in the City's neighborhoods and articulated by the Mayor and Council for a long time.

He said the City also wanted to look at ways to make it easier for the County to fulfill its commitment to fund the downtown project and to provide a chance for the City to address some of its goals. The City was giving away some excess land for value--Montgomery County would receive Parcels 7 and 8 in exchange for approximately 20 acres of land in the Upper Watts Branch area. The City's goal for acquiring the land was to keep and protect it in its natural state. The County was also giving the City the land which occupied the City's Senior Center and the building itself. Mr. Romer noted that the Senior Center has had to forego grants and funding opportunities because there was no ownership of the Senior Center. The City will provide cash or land equivalent valued at \$1.5 million over a 5-year period.

Councilmember Krasnow commented that the land swap was a win-win situation and one of the best accomplishments the City has had in the past 12 years. She said she agreed that safety mechanisms needed to be put into place to ensure that the parcel would be maintained as park land. She then expressed appreciation to County Councilmember, Bill Hanna, who she said worked hard to bring the land swap about.

Councilmember Marrinan pointed out that Mr. Romer had been modest in describing the negotiations--he said they were actually very complex negotiations and that he appreciated Mr. Romer's attention and work on the matter.

Mayor Coyle noted that there was still work ahead--he said the City still needed the County's signatures on the agreement, and he encouraged interested citizens to contact the County Council and ask for their support. Mr. Coyle said the Mayor and Council were planning to meet with Hungerford/Stoneridge residents to make sure the plans for the park land were compatible

with the concerns of the community.

Upon motion of Councilmember Krasnow, duly seconded and unanimously passed, the Resolution authorizing the execution of an agreement was adopted. A full copy of the Resolution may be found in Resolution Book No. 10 of the Mayor and Council.

Re: Discussion and Instructions to Staff regarding Text Amendment Application T-139-93, Rockville Planning Commission, Applicant.

Amendment to the Zoning Ordinance so as to eliminate convents, monasteries, parish houses and parsonages as permitted uses in residential zones, and provide for such facilities as accessory uses on the same lot as a place of worship.

Re: FYI/Correspondence

1. Councilmember Weisbroth thanked Walker Hill for providing background information on accessory uses in home churches.
2. Councilmember Krasnow noted Item #3 regarding the Avery Road closing; she asked how residents and others would access their property and the golf course. Mr. Romer said it appeared that local access would be maintained from the Norbeck Road leg of the bridge. He

said staff would attempt to find out more from Montgomery County Department Of Transportation and publish the information in Rockville Reports.

3. Councilmember Dorsey commented on the A T & T language line program the City joined to provide over-the-telephone language interpretations for residents needing such service.

4. Mayor Coyle noted Item #8 regarding the retail inventory project. He suggested that the Montgomery County Fire and Rescue records might be a useful source in completing the inventory because of the extensive information maintained.

5. Councilmember Marrinan called attention to the COG population forecasts over the next 25 years and he noted that the City's projection for the year of 2020 was 60 thousand up from the current level of 44.8 thousand.

6. Councilmember Dorsey commented that Recreation Programs Supervisor, Glenda Moultrie and other staff provided a very informative and well presented job fair on January 7th.

Re: New Business

1. Councilmember Marrinan noted the earlier press conference and he remarked on the recent killing of three young adults in the City. He said he felt that the Mayor and Council and other community leaders needed to do more to prevent violence and handgun violence in particular. He referenced a recent article in the Washington Post about how Canada handled the problem by stringently regulating the use of firearms. Mr. Marrinan proposed that the Mayor and Council convey their concerns and suggestions on dealing with violence to the Maryland State and Congressional delegations.

January 10, 1994

2. Councilmember Krasnow said she would support the Mayor and Council making such a statement to the State and Congressional delegations as one means of addressing the problem of violence; she said the "End Violence...Now Campaign" would suggest other ideas to end violence. Ms. Krasnow said she would like to see greater youth involvement in the campaign.

3. Mayor Coyle remarked that the Campaign's focus was on all violence; not just gun violence. He suggested that the City Manager, Chief Treschuk and other staff come up with ideas for what the City could do to add to the Campaign. Mayor Coyle expressed appreciation to Councilmember Dorsey, a co-founder of the Campaign.

4. Councilmember Dorsey emphasized the fact that the Purple Ribbon Campaign hoped to raise people's consciousness to think about what they, as individuals, could do to help end violence. He thanked Helen Roberto and Co-founder Rusty Wallace, for their part in the Campaign.

4. Mayor Coyle noted the Martin Luther King, Jr. ceremony, January 17th at 12 noon.
